Duration: 2 months

Period: 06/2021- 08/2021

**MODY UNIVERSITY OF SCIENCE & TECHNOLOGY**  
**LAKSHMANGARH – 332311, Dist. Sikar**  
**RAJASTHAN**

[www.modyuniversity.ac.in](http://www.modyuniversity.ac.in)

Organization: IStop+Techkriti(IIT KANPUR)

Project Brief:

- Website which help in shopping clothes online and also give ideas of styling it.
- HTML, CSS, JavaScript(Basic)

**Project 2:**

**Project Title: VASATA – The Helping Hands**

Duration: 2 months

Period: 08/2022- 11/2022

Organization: Mody University Minor Project - 2022

Project Brief:

- This is a full stack group project in which student, teachers or anyone of the Mody University can register their complaint, upload images of lost items, can find teachers cabin number, mess menu also students can check for teachers timetable and vise - versa.
- This project has a frontend part which used HTML, CSS and JavaScript and backend part which used php, oracle, node.js and Googlesheet.
- I have contributed in making some part of the frontend using HTML , CSS and JavaScript and some of backend as well.

**Project 3:**

**Project Title: GrowZone**

Duration: 2 months

Period: 02/2023- 4/2023

Organization: Mody University Minor Project - 2023

Project Brief:

- A web application where users can grow in their interested fields and get more exposure. Our website serves as a platform where people can brand themselves by showing their work to all other users. Currently there are three sections of our Web application Startup, Music, Online codes editor.
- This project has a frontend part which used HTML, CSS and JavaScript and Backend part which used MongoDB.
- I have contributed in making some part of the frontend like the home page and the signup page using HTML, CSS and JavaScript.
- I also contributed in building the startup section of the web application where users can signup and can brand their products and raise investments using MongoDB, HTML, CSS and JavaScript.

#### **Project 4:**
